About PianoAIS

BRAND INTRODUCTION

PianoAIS is headquartered in Toronto, Canada, and is a leading global institution in AI music technology for automatic pianos, with service organizations in China, Germany and Malaysia. Specializing in intelligent piano retrofitting and built on open-source auto-playing technology, we deliver highly adaptable automatic performance solutions for households and piano dealers who own traditional acoustic pianos.

We believe technology should never be the barrier. There is no need to replace the piano you already own — a simple retrofit awakens its hidden musical potential. More families can then enjoy high-quality automatic performance and bring elegant piano music into everyday life, sharing in the beauty that music brings.

> Unlock Your Piano — no new piano, no playing skills.
> A simple retrofit awakens it instantly.

Application Scenarios

Where PianoAIS Plays

SIX SPACES · ONE PIANO

From Living Room to City Landmark

Live music in every space, every hour

Automatic performance becomes the ambience of the room — a way of living you can enjoy anytime.

01 Private Residence

Living Room

One tap fills breakfast, dinner and bedtime with music.

02 Piano Showroom

Dealer Floor

Switch styles in one tap; customers stop, listen and try.

03 Hotel Lobby

Hospitality

All-day background performance, no musician required.

04 Private Club

Social Venue

Performance plus karaoke: the piano is the centrepiece.

05 Art Space

Gallery

A quiet sonic backdrop for exhibitions and events.

06 Music Classroom

Education

Demo playing makes rhythm and dynamics instantly audible.

Core Values *Why PianoAIS*

> To build the world's most open and compatible upgrade system for acoustic pianos.

1. **Put Idle Pianos to Work**
   Unleash its artistic and commercial value.
2. **No Playing Skills Needed**
   Master-level performance at one touch.
3. **Home Entertainment Hub**
   Auto-playing, karaoke, ensemble and mixing.

One piano at the heart of home entertainment — Auto-Playing · Accompaniment · Karaoke · Ensemble · Mixing

One Piano, Whole Home Entertainment

Audio Intelligent System

Technology & Features

PianoAIS Retrofit System

S-188Pro — the heart of the intelligent piano system

01 Open Architecture

Open protocol with customizable MIDI commands. The AI decoding core natively plays MIDI, PianoDisc and Yamaha files.

- All-format compatible
- Vast music library
- Pro MIDI expansion

02 Dual Wireless

Wi-Fi plus Bluetooth with app control: manage several pianos and schedule playback remotely.

- Smart app control
- Playlist management
- Timer & Time Chime

03 Offline Playback

High-capacity local storage plays songs with no phone or network, stable through long sessions.

- Stable throughout long sessions
- Works with no network
- Stable for long sessions

04 Human-like AI Performance

A proprietary dynamics engine reproduces real touch, sustain-pedal control and phrasing.

- Expressive phrasing
- Automatic pedal control
- Masterful playing and controls

05 1024-Level Dynamics

Up to 1024 dynamic levels — far beyond the industry standard of 127 — a master's subtlest touch.

- Delicate touch layers
- Master's touch reproduced

06 Home Entertainment Hub

Built-in hi-fi speakers and multimedia input: accompaniment, karaoke, ensemble and mixing in one.

- Song accompaniment
- Karaoke
- Audio mixing
